ART UNIT PAPER NUMBER

1644

DATE MAILED: 03/09/2005

Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 1644

This is the correct version of a communication incorrectly mailed on 3/4/05.

The information disclosure statement filed 5/6/04 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.

The examiner notes that it would likely have been impossible for applicant to provide any statement under 37 CFR 1.97 (e), because applicant states that "these references were previously disclosed in a related application". Thus applicant must have been aware of these references at a previous date.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David A Saunders, PhD whose telephone number is 571-272-0849. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christina Chan, can be reached on 571-272-0849.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
